I understand that Hockey Canada, Hockey New Brunswick, and FYHA require all coaches (volunteers) to obtain required coaching certifications and that they enforce policies and conditions with respect to providing a criminal background and vulnerable sector check. It is within FYHA's policies that all volunteers are to have criminal background and vulnerable sector checks completed every 3 years. Those who received their background checks during the **2021/22** season (or earlier) **must** provide FYHA with updated versions of CRC/VSC with their coaching applications.

For more information regarding the Coaching Certifications required and details on how to obtain a current Criminal Record Check/Vulnerable Sector Check go to:

www.fyha.ca and click on the "Coach Information" tab.
